

CLAYTON

MINUTES AUGUST 1, 2011

PRESENT:

Susan Dell'Isola, Rich McEachin, Rich Veal and Herb Yonge

FALL CLASSES:

Herb will contact the instructors to insure all are set with their dates.

We are set for August 24th at the library for the two hour session lead by Susan. Susan will condense the material to cover more information as to emergency needs and reduce the statistical information. Rich V. will prepare another 150 cards to be given out at the Farmers Market. Susan is available to distribute cards 8/13 and Herb will do 8/20.

C8 is in the process of reviewing the new material from FEMA. We agreed we will use the old material this fall. Other C8 members at the last C8 meeting agreed to stay with the old material until spring 2012

LOGISTICS:

Harun notified us that he has purchased the 10 FRS radios for the backpacks in the cache. Harun will submit an invoice for reimbursement.

FALL DRILL:

Our fall drill will be October 22 with emphasis on communications (FRS).

STATUS OF EOP:

Sgt. McEachin advised that the PD is close to getting the Emergency Operation Plan into place.

REQUEST FROM AAUW:

Sue Elliott is the contact for this item. We have been invited to present a 45minute or so informational seminar on emergency preparedness in October. Sue is requested to follow up on this matter as it is a good opportunity to educate more Clayton residents on EP. We will concentrate our efforts this fall in targeting small groups, such as Neighborhood Watch neighborhoods, HOA's, etc.
